Republican Women of Weatherford

*February 2019*

It is hard to believe we are already over a month into 2019. I would like to thank Tim Barton of Wall Builders for his presentation at our January meeting. We are in a time where social media and media outlets around the world have the capability of twisting a story and baiting us into a belief without our ever doing the research to discern right from wrong. We must remember to never form an opinion based on partial information and to learn to decipher the muck from the substance. There are those that are threatened by the thought of a society that believes in its basic constitutional rights just as they are written by the founding fathers.

We as Republicans need to stand strong together. We need to support our local, state, and federal affiliates. We need to agree that when the vote is cast, it is our community that is speaking to what they want for their families and for the future. We do not have time to bicker and argue while the left gains a hold on our youth by eliminating historical teachings, religious liberties, and patriotism like that of our parents and grandparents.

2020 will come fast and I have little doubt that our political adversaries have already begun preparing their games to wage war on conservative Americans.

I stand with President Trump and applaud a job well done at Tuesday's State of the Union address. It is apparent by the actions of the Democratic party that they do not hold to the best interest of this nation. Their inability to applaud the gains that our country has made and their neglect to protect the innocence of the unborn are proof that we need to continue to fight for the values we hold dear. In the words of our CINC

"America will never be a socialist nation. We were born free and we will stay free!"

I look forward to seeing each of you at our February 21st meeting and the annual Reagan Day dinner Feb. 23rd

Inspire and Empower...the future of Republican Women starts with you
